

8. Which file system paths can you find in an AS ABAP 7.5 (or higher) - based SAP system on Unix, right after a standard installation? (SID being replaced by the chosen SID of the system to be installed)

*Choose the correct answers.*

- ☐ A /usr/sap/trans
- ☐ B /usr/sap/SID/SYS
- ☐ C /usr/sap/SID/DVEBMGS
- ☐ D /usr/sap/SID/SCS
